

## Walter Infant School

# CHILD PROTECTION POLICY

Walter infant School is an equitable, safe, secure and happy place to learn; our children grow as individuals in a stimulating and exciting environment which values respect, care and concern for oneself and others.

### DOCUMENT HISTORY

Version	Action	By	Date
1		Full Governing Body	November 2016

Walter Infant School recognises its responsibilities for safeguarding children and protecting them from harm.

This Child Protection Policy will be reviewed by the Governing Body.

<b>Designated Senior Person</b>	Judy Wheeler, Head Teacher
<b>Deputy Designated Person</b>	Fiona Prickett, Deputy Head Teacher
<b>Nominated Governor</b>	Karen Hampton (Chair)
<b>Responsibility of</b>	Full Governing Body
<b>Date of Policy</b>	Autumn 2016
<b>Date of Review</b>	When policy changes directed by WBC

Walter Infant School is fully committed to putting children first; our priority each day will be to ensure that our children are safe from harm and well-cared for.

Walter Infant School fully recognises its responsibilities for child protection.

Our policy applies to all staff, governors and volunteers working in the School.

# WALTER INFANT SCHOOL CHILD PROTECTION POLICY 2016-17

## Policy Principles

- The welfare of the child is paramount.
- All children, regardless of age, gender, ability, culture, race, language, religion or sexual identity, have equal rights to protection.
- All staff have an equal responsibility to act on any suspicion or disclosure that may suggest a child is at risk of harm.
- Pupils and staff involved in child protection issues will receive appropriate support.

## Policy Aims

- To provide all staff with the necessary information to enable them to meet their child protection responsibilities.
- To ensure consistent good practice.
- To demonstrate the School's commitment with regard to child protection to pupils, parents and other partners.

## Terminology

- **Safeguarding** and promoting the welfare of children refers to the process of protecting children from abuse or neglect, preventing the impairment of health or development, ensuring that children grow up in circumstances consistent with the provision of safe and effective care and undertaking that role so as to enable those children to have optimum life chances and to enter adulthood successfully.
- **Child protection** refers to the processes undertaken to protect children who have been identified as suffering, or being at risk of suffering significant harm.
- **Staff** refers to all those working for or on behalf of the School, full time or part time, in either a paid or voluntary capacity.
- **Child** refers to all young people who have not yet reached their 18th birthday.
- **Parent** refers to birth parents and other adults who are in a parenting role, for example step-parents, foster carers and adoptive parents.

## Child Protection Statement

We recognise our moral and statutory responsibility to safeguard and promote the welfare of all pupils. We endeavour to provide a safe and welcoming environment where children are respected and valued. We are alert to the signs of abuse and neglect and follow our procedures to ensure that children receive effective support, protection and justice.

The procedures contained in this policy apply to all staff and governors and are consistent with those of the local safeguarding children board (LSCB).

## Context

Section 175 of the Education Act 2002 requires local education authorities and the governors of maintained schools and further education (FE) colleges to make arrangements to ensure that their functions are carried out with a view to safeguarding and promoting the welfare of children.

Section 157 of the same act and the Education (Independent Schools Standards) (England) Regulations 2003 require proprietors of independent schools (including academies and city technology colleges) to have arrangements to safeguard and promote the welfare of children who are pupils at the school.

Research suggests that more than 10 per cent of children will suffer some form of abuse. Due to their day-to-day contact with pupils, school staff are uniquely placed to observe changes in children's behaviour and the outward signs of abuse. Children may also turn to a trusted adult in school when they are in distress or at risk. It is vital that school staff are alert to the signs of abuse and understand the procedures for reporting their concerns.

# WALTER INFANT SCHOOL CHILD PROTECTION POLICY 2016-17

## ROLES AND RESPONSIBILITIES

All schools must nominate a senior member of staff to coordinate child protection arrangements. The local authority maintains a list of all designated senior persons (DSPs) for child protection. At Walter Infant School this person is referred to as the designated safeguarding Officer (DSO)

The DSO:

- is appropriately trained
- acts as a source of support and expertise to the school community
- has an understanding of LSCB procedures
- keeps written records of all concerns, ensuring that such records are stored securely and flagged on, but kept separate from, the pupil's general file
- refers cases of suspected abuse to children's social care or police as appropriate
- notifies children's social care if a child with a child protection plan is absent for more than two days without explanation
- ensures that when a pupil with a child protection plan leaves the school, their information is passed to their new school and the pupil's social worker is informed
- attends and/or contributes to child protection conferences
- coordinates the school's contribution to child protection plans
- develops effective links with relevant statutory and voluntary agencies
- ensures that the child protection policy is updated annually
- liaises with the nominated governor and Headteacher (where the role is not carried out by the Headteacher) as appropriate
- keeps a record of staff attendance at child protection training
- makes the Child Protection Policy available to parents.

The deputy designated officer is appropriately trained and, in the absence of the designated person, carries out those functions necessary to ensure the ongoing safety and protection of pupils. In the event of the long-term absence of the designated person, the deputy will assume all of the functions above.

### **The Governing Body ensures that the School has:**

- a DSO for child protection who is a member of the Senior Leadership Team and who has undertaken training in inter-agency working, in addition to basic child protection training
- a child protection policy and procedures that are consistent with LSCB requirements, reviewed annually and made available to parents on request
- procedures for dealing with allegations of abuse made against members of staff including allegations made against the Headteacher
- safer recruitment procedures that include the requirement for appropriate checks
- a training strategy that ensures all staff, including the Headteacher, receive child protection training, with refresher training at three-yearly intervals. The DSP should receive refresher training at two-yearly intervals
- arrangements to ensure that all temporary staff and volunteers are made aware of the school's arrangements for child protection.
- Regular Contractors provide DBS numbers for their employees
- Parents who volunteer regularly (more than 3 times a term) will have a Volunteer DBS check
- Volunteer DBS checks are carried out for all Governors
- Wokingham Borough Sub-contractors are checked through the local authority
- DBS checks for are carried out for all new staff

The Governing Body nominates a member (normally the Chair) to be responsible for liaising with the local authority and other agencies in the event of an allegation being made against the Headteacher. The Governing Body will monitor the Headteacher's responsibilities.

An annual report will be submitted to the local authority about how the Governing Body's duties have been carried out. Any weaknesses will be rectified without delay.

The Headteacher:

- ensures that the Child Protection Policy and procedures are implemented and followed by all staff

## WALTER INFANT SCHOOL CHILD PROTECTION POLICY 2016-17

- allocates sufficient time and resources to enable the DSP and deputy to carry out their roles effectively, including the assessment of pupils and attendance at strategy discussions and other necessary meetings
- ensures that all staff feel able to raise concerns about poor or unsafe practice and that such concerns are handled sensitively and in accordance with the whistleblowing procedures
- ensures that pupils' safety and welfare is addressed through the curriculum.

### Good Practice Guidelines

To meet and maintain our responsibilities towards pupils we need to agree standards of good practice.

Good practice includes:

- treating all pupils with respect
- setting a good example by conducting ourselves appropriately
- involving pupils in decisions that affect them
- encouraging positive and safe behaviour among pupils
- being a good listener
- being alert to changes in pupils' behaviour
- recognising that challenging behaviour may be an indicator of abuse
- reading and understanding the school's child protection policy and guidance documents on wider safeguarding issues, for example bullying, physical contact and information-sharing
- asking the pupil's permission before doing anything for them of a physical nature, such as assisting with dressing, physical support during PE or administering first aid
- maintaining appropriate standards of conversation and interaction with and between pupils and avoiding the use of sexualised or derogatory language
- being aware that the personal and family circumstances and lifestyles of some pupils lead to an increased risk of abuse.

### Abuse of Trust

All school staff are aware that inappropriate behaviour towards pupils is unacceptable and that their conduct towards pupils must be beyond reproach.

In addition, staff should understand that, under the Sexual Offences Act 2003, it is an offence for a person over the age of 18 to have a sexual relationship with a person under the age of 18, where that person is in a position of trust, even if the relationship is consensual. This means that any sexual activity between a member of the school staff and a pupil under 18 may be a criminal offence, even if that pupil is over the age of consent.

### Children who may be particularly vulnerable

Some children may have an increased risk of abuse. It is important to understand that this increase in risk is due more to societal attitudes and assumptions, and child protection procedures that fail to acknowledge children's diverse circumstances, rather than the individual child's personality, impairment or circumstances. Many factors can contribute to an increase in risk, including prejudice and discrimination, isolation, social exclusion, communication issues and a reluctance on the part of some adults to accept that abuse can occur.

To ensure that all of our pupils receive equal protection, we will give special consideration to children who are:

- disabled or have special educational needs
- living in a domestic abuse situation
- affected by parental substance misuse
- asylum seekers
- living away from home
- vulnerable to being bullied, or engaging in bullying
- living in temporary accommodation
- live transient lifestyles

## WALTER INFANT SCHOOL CHILD PROTECTION POLICY 2016-17

- living in chaotic and unsupportive home situations
- vulnerable to discrimination and maltreatment on the grounds of race, ethnicity, religion or sexuality
- involved directly or indirectly in prostitution or child trafficking
- do not have English as a first language.

Special consideration includes the provision of safeguarding information and resources in community languages and accessible formats.

# WALTER INFANT SCHOOL CHILD PROTECTION POLICY 2016-17

## **Support for those involved in a child protection issue**

Child abuse is devastating for the child and can also result in distress and anxiety for staff who become involved. We will support pupils and their families and staff by:

- taking all suspicions and disclosures seriously
- nominating a link person who will keep all parties informed and be the central point of contact. Where a member of staff is the subject of an allegation made by a pupil, separate link people will be nominated to avoid any conflict of interest.
- responding sympathetically to any request from pupils or staff for time out to deal with distress or anxiety
- maintaining confidentiality and sharing information on a **need-to-know** basis only with relevant individuals and agencies
- storing records securely
- offering details of helplines, counselling or other avenues of external support
- following procedures laid down in our whistleblowing, complaints and disciplinary procedures
- co-operating fully with relevant statutory agencies

## **Complaints procedure**

Our complaints procedure will be followed where a pupil or parent raises a concern about poor practice towards a pupil that initially does not reach the threshold for child protection action. Poor practice examples include unfairly singling out a pupil, using sarcasm or humiliation as a form of control, bullying or belittling a pupil or discriminating against them in some way. Complaints are managed by senior staff, the Headteacher and governors.

Complaints from staff are dealt with under the School's complaints and disciplinary and grievance procedures.

## **If you have concerns about a colleague**

Staff who are concerned about the conduct of a colleague towards a pupil are undoubtedly placed in a very difficult situation. They may worry that they have misunderstood the situation and they will wonder whether a report could jeopardise their colleague's career. All staff must remember that the welfare of the child is paramount. The School's whistleblowing code enables staff to raise concerns or allegations in confidence and for a sensitive enquiry to take place. All concerns of poor practice or possible child abuse by colleagues should be reported to the Headteacher. Complaints about the Headteacher should be reported to the Chair of Governors.

## **Staff who are the subject of an allegation**

When an allegation is made against a member of staff, set procedures must be followed. It is rare for a child to make an entirely false or malicious allegation, although misunderstandings and misinterpretations of events can and do happen. A child may also make an allegation against an innocent party because they are too afraid to name the real perpetrator. Even so, we must accept that some professionals do pose a serious risk to pupils and we must act on every allegation. Staff who are the subject of an allegation have the right to have their case dealt with fairly, quickly and consistently and to be kept informed of its progress.

## **Staff Training**

It is important that all staff have training to enable them to recognise the possible signs of abuse and neglect and to know what to do if they have a concern. New staff and governors will receive training during their induction. All staff, including the Headteacher (unless the Headteacher is the DP) and governors will receive training that is updated at least every three years and the DSP will receive training updated at least every two years, including training in inter-agency procedures. Supply staff and other visiting staff will be given the school's Visiting Staff Leaflet

## **Safer Recruitment**

Our school endeavours to ensure that we do our utmost to employ 'safe' staff.

Safer recruitment means that all applicants will:

- complete an application form

## WALTER INFANT SCHOOL CHILD PROTECTION POLICY 2016-17

- provide two referees, including at least one who can comment on the applicant's suitability to work with children
- provide evidence of identity and qualifications
- be checked through the Disclosure and Barring Service as appropriate to their role and be registered with the Independent Safeguarding Authority (when implemented)
- be interviewed.
- At least one member of the interviewing panel will have successfully completed Safer Recruitment

### Extended Schools and offsite activities

Where extended school activities are provided by and managed by the School, our own child protection policy and procedures apply. If other organisations provide services or activities on our site, we will check that they have appropriate procedures in place, including safer recruitment procedures. When our pupils attend off-site activities, we will check that effective child protection arrangements are in place.

### Photography and images

The vast majority of people who take or view photographs or videos of children do so for entirely innocent, understandable and acceptable reasons. Sadly, some people abuse children through taking or using images, so we must ensure that we have some safeguards in place. To protect pupils we will:

- seek their consent for photographs to be taken or published (for example, on our website or in newspapers or publications)
- seek parental consent
- Names and images are only printed with the parental consent
- ensure pupils are appropriately dressed
- encourage pupils to tell us if they are worried about any photographs that are taken of them.

### E-Safety

Most of our pupils will use computers at some time in School and at home and, when older, mobile phones. They are a source of fun, entertainment, communication and education. However, we know that some men, women and young people will use these technologies to harm children. The harm might range from sending hurtful or abusive texts and emails, to enticing children to engage in sexually harmful conversations, webcam photography or face-to-face meetings. The School's All-in-One E-Safety Policy explains how we try to keep pupils safe in School. Cyber-bullying by pupils, via texts and emails, will be treated as seriously as any other type of bullying and will be managed through our anti-bullying procedures. All new members of staff will undergo an induction that includes familiarisation with the School's Child Protection and identification of their child protection training needs.

### Recognising signs of child abuse

#### Categories of Abuse:

- Physical Abuse
- Emotional Abuse (including Domestic Abuse)
- Sexual Abuse
- Neglect

#### Signs of Abuse in Children:

The following non-specific signs may indicate something is wrong:

- Significant change in behaviour
- Extreme anger or sadness
- Aggressive and attention-seeking behaviour
- Suspicious bruises with unsatisfactory explanations
- Lack of self-esteem

# WALTER INFANT SCHOOL CHILD PROTECTION POLICY 2016-17

- Self-injury
- Depression
- Age inappropriate sexual behaviour
- Child Sexual Exploitation

## **Risk Indicators**

The factors described in this section are frequently found in cases of child abuse. Their presence is not proof that abuse has occurred, but:

- Must be regarded as indicators of the possibility of significant harm
- Justifies the need for careful assessment and discussion with designated / named / lead person, manager, (or in the absence of all those individuals, an experienced colleague)
- May require consultation with and / or referral to Children's Services

The absence of such indicators does not mean that abuse or neglect has not occurred.

- In an abusive relationship the child may:
- Appear frightened of the parent/s
- Act in a way that is inappropriate to her/his age and development (though full account needs to be taken of different patterns of development and different ethnic groups)

The parent or carer may:

- Persistently avoid child health promotion services and treatment of the child's episodic illnesses
- Have unrealistic expectations of the child
- Frequently complain about/to the child and may fail to provide attention or praise (high criticism/low warmth environment)
- Be absent or misusing substances
- Persistently refuse to allow access on home visits
- Be involved in domestic abuse

Staff should be aware of the potential risk to children when individuals, previously known or suspected to have abused children, move into the household.

## **Recognising Physical Abuse**

The following are often regarded as indicators of concern:

- An explanation which is inconsistent with an injury
- Several different explanations provided for an injury
- Unexplained delay in seeking treatment
- The parents/carers are uninterested or undisturbed by an accident or injury
- Parents are absent without good reason when their child is presented for treatment
- Repeated presentation of minor injuries (which may represent a "cry for help" and if ignored could lead to a more serious injury)
- Family use of different doctors and A&E departments
- Reluctance to give information or mention previous injuries

## **Bruising**

Children can have accidental bruising, but the following must be considered as non-accidental unless there is evidence or an adequate explanation provided:

- Any bruising to a pre-crawling or pre-walking baby
- Bruising in or around the mouth, particularly in small babies which may indicate force feeding
- Two simultaneous bruised eyes, without bruising to the forehead, (rarely accidental, though a single bruised eye can be accidental or abusive)
- Repeated or multiple bruising on the head or on sites unlikely to be injured accidentally

## WALTER INFANT SCHOOL CHILD PROTECTION POLICY 2016-17

- Variation in colour possibly indicating injuries caused at different times
- The outline of an object used e.g. belt marks, hand prints or a hair brush
- Bruising or tears around, or behind, the earlobe/s indicating injury by pulling or twisting
- Bruising around the face
- Grasp marks on small children
- Bruising on the arms, buttocks and thighs may be an indicator of sexual abuse

### **Bite Marks**

Bite marks can leave clear impressions of the teeth. Human bite marks are oval or crescent shaped. Those over 3 cm in diameter are more likely to have been caused by an adult or older child. A medical opinion should be sought where there is any doubt over the origin of the bite.

### **Burns and Scalds**

It can be difficult to distinguish between accidental and non-accidental burns and scalds, and will always require experienced medical opinion. Any burn with a clear outline may be suspicious e.g.:

- Circular burns from cigarettes (but may be friction burns if along the bony protuberance of the spine)
- Linear burns from hot metal rods or electrical fire elements
- Burns of uniform depth over a large area
- Scalds that have a line indicating immersion or poured liquid (a child getting into hot water is his/her own accord will struggle to get out and cause splash marks)
- Old scars indicating previous burns/scalds which did not have appropriate treatment or adequate explanation

Scalds to the buttocks of a small child, particularly in the absence of burns to the feet, are indicative of dipping into a hot liquid or bath.

### **Fractures**

Fractures may cause pain, swelling and discolouration over a bone or joint. Non-mobile children rarely sustain fractures.

- There are grounds for concern if:
- The history provided is vague, non-existent or inconsistent with the fracture type
- There are associated old fractures
- Medical attention is sought after a period of delay when the fracture has caused symptoms such as swelling, pain or loss of movement
- There is an unexplained fracture in the first year of life

A large number of scars or scars of different sizes or ages, or on different parts of the body, may suggest abuse.

### **Recognising Emotional Abuse**

Emotional abuse may be difficult to recognise, as the signs are usually behavioural rather than physical. The manifestations of emotional abuse might also indicate the presence of other kinds of abuse.

The indicators of emotional abuse are often also associated with other forms of abuse.

The following may be indicators of emotional abuse:

- Developmental delay
- Abnormal attachment between a child and parent/carer e.g. anxious, indiscriminate or not attachment
- Indiscriminate attachment or failure to attach
- Aggressive behaviour towards others
- Scape-goated within the family
- Frozen watchfulness, particularly in pre-school children
- Low self-esteem and lack of confidence

# WALTER INFANT SCHOOL CHILD PROTECTION POLICY 2016-17

- Withdrawn or seen as a “loner” – difficulty relating to others

## Recognising Signs of Sexual Abuse

Boys and girls of all ages may be sexually abused and are frequently scared to say anything due to guilt and/or fear. This is particularly difficult for a child to talk about and full account should be taken of the cultural sensitivities of any individual child/family.

Recognition can be difficult, unless the child discloses and is believed. There may be no physical signs and indications are likely to be emotional/behavioural.

Some behavioural indicators associated with this form of abuse are:

- Inappropriate sexualised conduct
- Sexually explicit behaviour, play or conversation, inappropriate to the child's age
- Continual and inappropriate or excessive masturbation
- Self-harm (including eating disorder), self-mutilation and suicide attempts
- Involvement in prostitution or indiscriminate choice of sexual partners
- An anxious unwillingness to remove clothes e.g. for sports events (but this may be related to cultural norms or physical difficulties)
- Some physical indicators associated with this form of abuse are:
- Pain or itching of genital area
- Blood on underclothes
- Pregnancy in a younger girl where the identity of the father is not disclosed
- Physical symptoms such as injuries to the genital or anal area, bruising to buttocks, abdomen and thighs, sexually transmitted disease, presence of semen on vagina, anus, external genitalia or clothing

## Sexual Abuse by Young People

The boundary between what is abusive and what is part of normal childhood or youthful experimentation can be blurred. The determination of whether behaviour is developmental, inappropriate or abusive will hinge around the related concepts of true consent, power imbalance and exploitation. This may include children and young people who exhibit a range of sexually problematic behaviour such as indecent exposure, obscene telephone calls, fetishism, bestiality and sexual abuse against adults, peers or children.

**Developmental Sexual Activity** encompasses those actions that are to be expected from children and young people as they move from infancy through to an adult understanding of their physical, emotional and behavioural relationships with each other. Such sexual activity is essentially information gathering and experience testing. It is characterised by mutuality and of the seeking of consent.

**Inappropriate Sexual Behaviour** can be inappropriate socially, inappropriate to development, or both. In considering whether behaviour fits into this category, it is important to consider what negative effects it has on any of the parties involved and what concerns it raises about a child or young person. It should be recognised that some actions may be motivated by information seeking, but still cause significant upset, confusion, worry, physical damage, etc. it may also be that the behaviour is “acting out” which may derive from other sexual situations to which the child or young person has been exposed.

If an act appears to have been inappropriate, there may still be a need for some form of behaviour management or intervention. For some children, educative inputs may be enough to address the behaviour.

Abusive sexual activity included any behaviour involving coercion, threats, aggression together with secrecy, or where one participant relies on an unequal power base.

## Assessment

In order to more fully determine the nature of the incident the following factors should be given consideration. The presence of exploitation in terms of:

## WALTER INFANT SCHOOL CHILD PROTECTION POLICY 2016-17

- **Equality** – consider differentials of physical, cognitive and emotional development, power and control and authority, passive and assertive tendencies
- **Consent** – agreement including all the following:
  - o Understanding that is proposed based on age, maturity, development level, functioning and experience;
  - o Knowledge of society's standards for what is being proposed;
  - o Awareness of potential consequences and alternatives;
  - o Assumption that agreements or disagreements will be respected equally;
  - o Voluntary decision;
  - o Mental competence.

**Coercion** – the young perpetrator who abuses may use techniques like bribing, manipulation and emotional threats of secondary gains and losses that is loss of love, friendship, etc. Some may use physical force, brutality or the threat of these regardless of victim resistance.

In evaluating sexual behaviour of children and young people, the above information should be used only as a guide. Further advice is available from the Referral and Assessment Team.

### Recognising Neglect

Evidence of neglect is built up over a period of time and can cover different aspects of parenting. Indicators include:

- Failure by parents or carers to meet the basic essential needs e.g. adequate food, clothes, warmth, hygiene and medical care
- A child seen to be listless, apathetic and irresponsible with no apparent medical cause. Failure of child to grow within normal expected pattern, with accompanying weight loss
- Child thrives away from home environment
- Child frequently absent from school
- Child left with adults who are intoxicated or violent
- Child abandoned or left alone for excessive periods

### Child Sexual Exploitation (CSE)

The following list of indicators is not exhaustive or definitive but it does highlight common signs which can assist professionals in identifying children or young people who may be victims of sexual exploitation.

Signs include:

- underage sexual activity;
- inappropriate sexual or sexualised behaviour;
- sexually risky behaviour, 'swapping' sex;
- repeat sexually transmitted infections;
- in girls, repeat pregnancy, abortions, miscarriage;
- receiving unexplained gifts or gifts from unknown sources;
- having multiple mobile phones and worrying about losing contact via mobile;
- having unaffordable new things (clothes, mobile) or expensive habits (alcohol, drugs);
- changes in the way they dress;
- going to hotels or other unusual locations to meet friends;
- seen at known places of concern;
- moving around the country, appearing in new towns or cities, not knowing where they are;
- getting in/out of different cars driven by unknown adults;
- having older boyfriends or girlfriends;
- contact with known perpetrators;
- involved in abusive relationships, intimidated and fearful of certain people or situations;
- hanging out with groups of older people, or anti-social groups, or with other vulnerable peers;
- associating with other young people involved in sexual exploitation;
- recruiting other young people to exploitative situations;

## WALTER INFANT SCHOOL CHILD PROTECTION POLICY 2016-17

- truancy, exclusion, disengagement with school, opting out of education altogether;
- unexplained changes in behaviour or personality (chaotic, aggressive, sexual);
- mood swings, volatile behaviour, emotional distress;
- self-harming, suicidal thoughts, suicide attempts, overdosing, eating disorders;
- drug or alcohol misuse;
- getting involved in crime;
- police involvement, police records;
- involved in gangs, gang fights, gang membership;
- injuries from physical assault, physical restraint, sexual assault.

### **Female Genital Mutilation (FGM)**

It is essential that staff are aware of FGM practices and the need to look for signs, symptoms and other indicators of FGM.

### **What is FGM?**

It involves procedures that intentionally alter/injure the female genital organs for non-medical reasons.

4 types of procedure:

Type 1 Clitoridectomy – partial/total removal of clitoris

Type 2 Excision – partial/total removal of clitoris and labia minora

Type 3 Infibulation - entrance to vagina is narrowed by repositioning the inner/outer labia

Type 4 all other procedures that may include: pricking, piercing, incising, cauterising and scraping the genital area.

Why is it carried out?

Belief that:

- FGM brings status/respect to the girl – social acceptance for marriage;
- Preserves a girl's virginity;
- Part of being a woman / rite of passage;
- Upholds family honour;
- Cleanses and purifies the girl;
- Gives a sense of belonging to the community;
- Fulfils a religious requirement;
- Perpetuates a custom/tradition;
- Helps girls be clean / hygienic;
- Is cosmetically desirable;
- Mistakenly believed to make childbirth easier.

### **Is FGM legal?**

FGM is internationally recognised as a violation of human rights of girls and women. It is **illegal** in most countries including the UK.

### **Circumstances and occurrences that may point to FGM happening are:**

- Child talking about getting ready for a special ceremony;
- Family taking a long trip abroad;
- Child's family being from one of the 'at risk' communities for FGM (Kenya, Somalia, Sudan, Sierra Leon, Egypt, Nigeria, Eritrea as well as non-African communities including Yemeni, Afghani, Kurdistan, Indonesia and Pakistan);
- Knowledge that the child's sibling has undergone FGM;
- Child talks about going abroad to be 'cut' or to prepare for marriage.

Signs that may indicate a child has undergone FGM:

## WALTER INFANT SCHOOL CHILD PROTECTION POLICY 2016-17

- Prolonged absence from school and other activities;
- Behaviour change on return from a holiday abroad, such as being withdrawn and appearing subdued;
- Bladder or menstrual problems;
- Finding it difficult to sit still and looking uncomfortable;
- Complaining about pain between the legs;
- Mentioning something somebody did to them that they are not allowed to talk about;
- Secretive behaviour, including isolating themselves from the group;
- Reluctance to take part in physical activity;
- Repeated urinal tract infection;
- Disclosure.

### **Domestic Abuse**

#### **How does it affect children?**

Children can be traumatised by seeing and hearing violence and abuse. They may also be directly targeted by the abuser or take on a protective role and get caught in the middle. In the long term this can lead to mental health issues such as depression, self-harm and anxiety.

#### **What are the signs to look out for?**

Children affected by domestic abuse reflect their distress in a variety of ways. They may change their usual behaviour and become withdrawn, tired, start to wet the bed and have behavioural difficulties. They may not want to leave their house or may become reluctant to return. Others will excel, using their time in your care as a way to escape from their home life. None of these signs are exclusive to domestic abuse so when you are considering changes in behaviours and concerns about a child, think about whether domestic abuse may be a factor.

#### **Safeguarding is everyone's responsibility and if there are concerns regarding a child then contact:**

- The Senior Designated Person for Safeguarding or one of the Deputy Designated Persons;
- **999 if you believe a child is in immediate danger;**
- Early Help Hub (Children's Safeguarding and Social Care Team) Telephone 0118 908 8002 or email: [triage@wokingham.gcsx.gov.uk](mailto:triage@wokingham.gcsx.gov.uk);
- Emergency Duty Team - out of office hours: telephone: 01344 786 543;
- Thames Valley Police: telephone: 101 non emergencies;
- NSPCC (National Society for the Prevention of Cruelty to Children) 24 Hour Helpline: 0808 800 5000.

## WALTER INFANT SCHOOL CHILD PROTECTION POLICY 2016-17

Record of concern forms and other written information will be stored in a locked facility and any electronic information will be password protected and only made available to relevant individuals. Every effort should be made to prevent unauthorised access and sensitive information should not be stored on laptop computers, which, by the nature of their portability, could be lost or stolen. If it is necessary to store child protection information on portable media, such as a CD or flash drive, these items should also be kept in locked storage. Child protection information will be stored separately from the pupil's school file and the school file will be 'tagged' to indicate that separate information is held. Child protection records are normally exempt from the disclosure provisions of the Data Protection Act, which means that children and parents do not have an automatic right to see them. If any member of staff receives a request from a pupil or parent to see child protection records, they should refer the request to the headteacher.

The Data Protection Act does not prevent school staff from sharing information with relevant agencies, where that information may help to protect a child.

The School's policy on confidentiality and information-sharing is available to parents and pupils on request.

### **Reporting directly to child protection agencies**

Staff should follow the reporting procedures outlined in this policy.

However, they may also share information directly with children's social care, police or the NSPCC if:

- the situation is an emergency and the designated senior person, their deputy, the Headteacher and the Chair of Governors are all unavailable
- they are convinced that a direct report is the only way to ensure the pupil's safety.

**Our school will refer a child if necessary without parental consent if we feel a child is at risk.**

### **A child who is being abused or neglected may:**

- have bruises, bleeding, burns, fractures or other injuries
- show signs of pain or discomfort
- keep arms and legs covered, even in warm weather
- be concerned about changing for PE or swimming
- look unkempt and uncared for
- change their eating habits
- have difficulty in making or sustaining friendships
- appear fearful
- be reckless with regard to their own or other's safety
- self-harm
- frequently miss school or arrive late
- show signs of not wanting to go home
- display a change in behaviour – from quiet to aggressive, or happy-go-lucky to withdrawn
- challenge authority
- become disinterested in their school work
- be constantly tired or preoccupied
- be wary of physical contact
- be involved in, or particularly knowledgeable about drugs or alcohol
- display sexual knowledge or behaviour beyond that normally expected for their age.

Individual indicators will rarely, in isolation, provide conclusive evidence of abuse. They should be viewed as part of a jigsaw, and each small piece of information will help the DSO to decide how to proceed. It is very important that you report your concerns – you do not need 'absolute proof' that the child is at risk.

### **Impact of Abuse**

## WALTER INFANT SCHOOL CHILD PROTECTION POLICY 2016-17

The impact of child abuse should not be underestimated. Many children do recover well and go on to lead healthy, happy and productive lives, although most adult survivors agree that the emotional scars remain, however well buried. For some children, full recovery is beyond their reach, and the rest of their childhood and their adulthood may be characterised by anxiety or depression, self-harm, eating disorders, alcohol and substance misuse, unequal and destructive relationships and long-term medical or psychiatric difficulties.

### **Taking Action**

Key points to remember for taking action are:

- in an emergency take the action necessary to help the child, for example, call 999
- report your concern to the DSO by the end of the day
- do not start your own investigation
- share information on a need-to-know basis only – do not discuss the issue with colleagues, friends or family
- complete Cause for Concern form along with a verbal concern
- seek support for yourself if you are distressed.

### **If you suspect a pupil is at risk of harm**

## WALTER INFANT SCHOOL CHILD PROTECTION POLICY 2016-17

There will be occasions when you suspect that a pupil may be at risk, but you have no 'real' evidence. In these circumstances, you should try to give the pupil the opportunity to talk. The signs you have noticed may be due to a variety of factors, for example, a parent has moved out, a pet has died, a grandparent is very ill. It is fine to ask the pupil if they are OK or if you can help in any way.

Use the cause for concern form to record these early concerns. If a child reveals that they have been harmed in anyway or has suffered any type of abuse that concern must be raised immediately. If the pupil does begin to reveal that they are being harmed you should follow the advice in the section 'If a pupil discloses to you'.

If, following your conversation, you remain concerned; you should discuss your concerns with the Designated Safeguarding Officer.

### **If a pupil discloses to you**

It takes a lot of courage for a child to disclose that they are being abused. They may feel ashamed, particularly if the abuse is sexual, their abuser may have threatened what will happen if they tell, they may have lost all trust in adults, or they may believe, or have been told, that the abuse is their own fault.

If a pupil talks to you about any risks to their safety or wellbeing you will need to let them know that you must pass the information on – you are not allowed to keep secrets. The point at which you do this is a matter for professional judgement. If you jump in immediately the pupil may think that you do not want to listen, if you leave it till the very end of the conversation, the pupil may feel that you have misled them into revealing more than they would have otherwise.

During your conversation with the pupil:

- Allow them to speak freely.
- Remain calm and do not over react – the pupil may stop talking if they feel they are upsetting you.
- Give reassuring nods or words of comfort – 'I'm so sorry this has happened', 'I want to help', 'This isn't your fault', 'You are doing the right thing in talking to me'.
- Do not be afraid of silences – remember how hard this must be for the pupil.
- Under no circumstances ask investigative questions – such as how many times this has happened, whether it happens to siblings too, or what does the pupil's mother think about all this.
- At an appropriate time tell the pupil that in order to help them you must pass the information on.
- Do not automatically offer any physical touch as comfort. It may be anything but comforting to a child who has been abused.
- Avoid admonishing the child for not disclosing earlier. Saying 'I do wish you had told me about this when it started' or 'I can't believe what I'm hearing' may be your way of being supportive but the child may interpret it that they have done something wrong.
- Tell the pupil what will happen next. The pupil may agree to go with you to see the designated person. Otherwise let them know that someone will come to see them before the end of the day.
- Report verbally to the Designated Safeguarding Officer

### **Notifying Parents**

The School will normally seek to discuss any concerns about a pupil with their parents. This must be handled sensitively and the DSO will make contact with the parent in the event of a concern, suspicion or disclosure. At Walter Infant School the DSO will always be accompanied by the Deputy DSO when speaking with parents or by a member of the SLT. This will ensure that the DSO is not at risk.

**However, if the School believes that notifying parents could increase the risk to the child or exacerbate the problem, advice will first be sought from Children's Services.**

# WALTER INFANT SCHOOL CHILD PROTECTION POLICY 2016-17

## Referral to Children's Services

The DSP will make a referral to Referral & Assessment Team at Wokingham if it is believed that a pupil is suffering or is at risk of suffering significant harm. The pupil (subject to their age and understanding) and the parents will be told that a referral is being made, unless to do so would increase the risk to the child.

## Children with sexually harmful behaviour

Children may be harmed by other children or young people. Staff will be aware of the harm caused by bullying and will use the School's anti-bullying procedures where necessary. However, there will be occasions when a pupil's behaviour warrants a response under child protection rather than anti-bullying procedures. In particular, research suggests that up to 30 per cent of child sexual abuse is committed by someone under the age of 18.

The management of children and young people with sexually harmful behaviour is complex and the school will work with other relevant agencies to maintain the safety of the whole school community. Young people who display such behaviour may be victims of abuse themselves and the child protection procedures will be followed for both victim and perpetrator.

## Confidentiality and sharing information

All staff will understand that child protection issues warrant a high level of confidentiality, not only out of respect for the pupil and staff involved but also to ensure that being released into the public domain does not compromise evidence.

Staff should only discuss concerns with the designated person, Headteacher or chair of governors (depending on who is the subject of the concern). That person will then decide who else needs to have the information and they will disseminate it on a 'need-to-know' basis.

Child protection information will be stored and handled in line with Data Protection Act 1998 principles. Information is:

- processed for limited purposes
- adequate, relevant and not excessive
- accurate
- kept no longer than necessary
- processed in accordance with the data subject's rights
- secure
