

Can you make a story map: draw some of the events from the story in the correct sequence? You don't need to include every event. Remember you are not writing the story; your story map will help you to retell the story.

		
<p>The little red hen. Who will help me?</p>	<p>Not I said the duck, the dog and the cat</p>	<p>The hen went to the shop by herself</p>
		
<p>Who will help make the pizza?</p>	<p>Who will help eat the pizza?</p>	<p>The cat and the dog and the duck wash up</p>

The captions will act as memory aid but will not be full sentences.
