

Dear Parents and Carers,

Bonjour – La Jolie Ronde French for Children is at Walter Infant School!

**La Jolie Ronde** is an international organisation specialising in language learning from pre-school to the end of primary. Many parents are keen for their children to participate in language learning at this age and research has shown that the best time to learn a new language is when children are between 18 months and 10 years old. La Jolie Ronde has been successfully offering French classes to primary and nursery aged children throughout the UK for over 30 years now with fantastic results.

Our goal is to make learning French fun and to learn through activities that include stories, songs and games – with materials and a range of programmes designed specifically for nursery, infant and primary age groups.
