

PARENT'S ASSOCIATION

Dear Walter Families,

We are in desperate need of your help; we are now so short of Parent's Association Members that we may not be able to keep going, which would be devastating for our school as the Parent's Association make so many wonderful things happen for our children!

Since I joined the school in September 2015, the PA have bought hundreds of guided reading books, which have enabled all our children to learn to read. They have contributed so much money towards our amazing new astro-turf pitch and running track, which has made such a difference to the children. They provided a safe surface and wonderful playground markings for the Foundation Stage children, as well as a mud kitchen and stages for all the children to perform on.

The PA contribute towards the reindeer visiting, as well as theatre groups. They organise the Valentine's Disco and the Leaver's Disco as well as ice lollies on sports day. We rely on them so much to enhance our children's education and to create wonderful memories to last a life time.

We need a Chair Person, or Co-chairs to support our committee, as well as volunteers to support running events, such as our amazing Summer Fair, which makes thousands of pounds for the school.

If you think you would like to join our committee, but would like more information; please contact the Parents Association on walterinfantspa@gmail.com

Please help – our school needs you!
